

ONOSOKKIBF-3100
4ch Beam Forming software

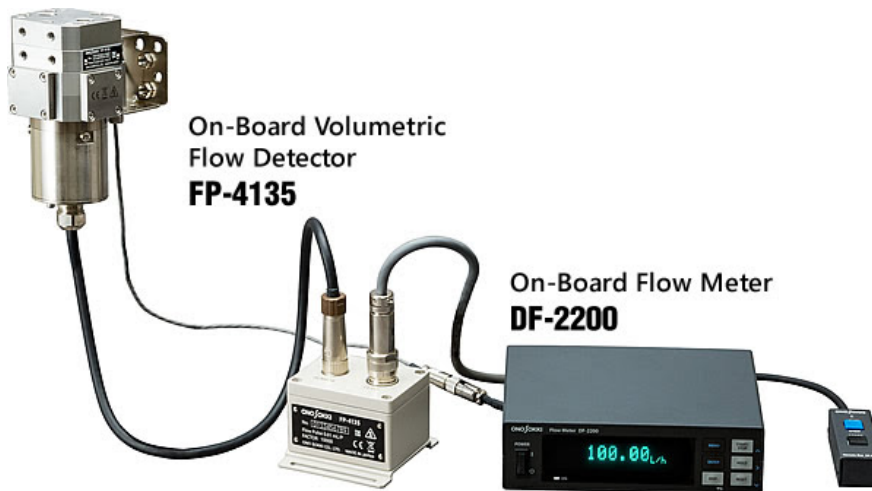

Ono Sokki Newsletter

Our products, reputed to be "World First" or "Industrial Standard" in various fields, reflect our constant pursuit of original technologies. Under this motto of "Change & Challenge for Solving the World's Toughest Problems", we aim to build a network-oriented company supported by human resources backed by high technologies.

New Products

On-Board Volumetric Fuel Flow measurement

Compact with high function, the FP-4135/ DF-2200 enable every fuel consumption test of internal combustion system.

• OS-2000 Series Time-Series Data Analysis Software

OS-2000 series is the secondary processing software which can perform flexible data-edit from huge amount of time-series data.

(Click image to watch the video)

[Statistical processing](#)

This command performs statistical processing of the specified channel and specified range. The total value, average value, standard deviation, etc., are shown in the window.

(Click image to watch the video)

[FFT analysis \(option\)](#)

This video shows the basic steps of FFT analysis.

(Click image to watch the video)

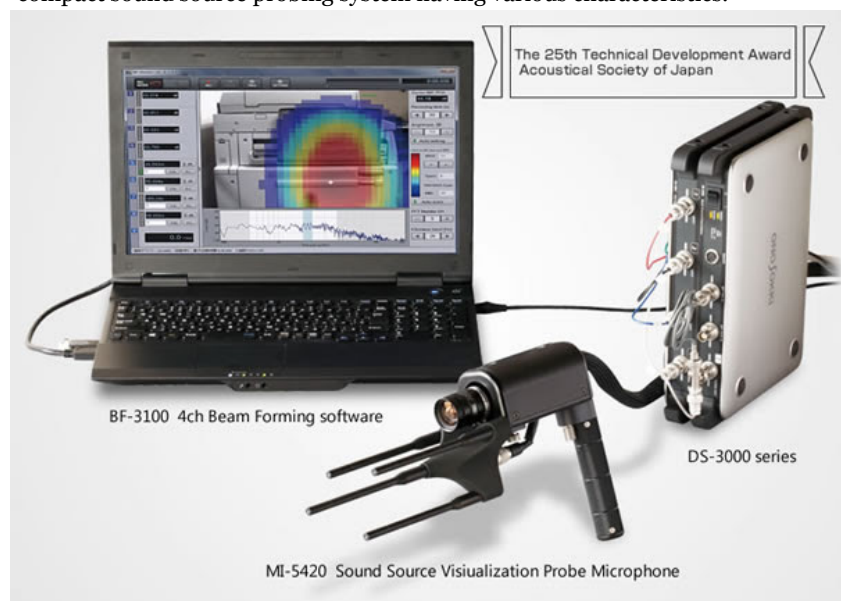

[Interval analysis \(option\)](#)

Interval analysis is a function to select the specific data section from the long period recorded data. You can edit the data only in the necessary section.

News

• Won the 25th Technical Development Award of Acoustical Society of Japan

Ono Sokki received the award by the recognition of the technology and achievement that contributes to the field of acoustics to have commercialized a compact sound source probing system having various characteristics.

Event

• 2017 Exhibition Schedule (From October to December)

- Japan

Date	Name	Place	Exhibit	Organizer
October 4 - 6	Mechanical Components & Materials Technology Expo OSAKA	INTEX Osaka	Noise & Vibration, Torque related products	Reed Exhibitions Japan Ltd.

- U.S.A

Date	Name	Place	Exhibit	Organizer
October 24 - 26	Automotive Testing Expo 2017 North America	The Suburban Collection Showplace, Novi, MI, U.S.A.	Noise & Vibration analysis instruments, Sound source visualization system, Fuel consumption measuring instruments, GPS speedometer	UKIP Media & Events Ltd.

- China

Date	Name	Place	Exhibit	Organizer
October 26 - 27	Denkei Testing Exhibition in Shenzhen 2017	Sentosa Hotel Shenzhen Feicui	Vibration & Structure analysis instruments	Denkei Trading (Shanghai) Co., Ltd.

Information

• User registration & download latest version software

Following page is a user registration page for the valued customer who purchased Ono Sokki products. After registration, the customer can download the latest version of the software, and technical materials related to our products for free of charge.
