

Linear Gauge Counter Classification Table

Comparator and output

* Available as an option

- TM-0350 RS-232C
- DG-0530 Analog output
- DG-0522 BCD output
- TM-0340 Comparator output

External output

	BCD OUT	RS-232C*	RS-232C
	BCD OUT	Analog output*	Analog output
	BCD OUT	BCD OUT*	BCD OUT
<p>Comparator output (Upper,OK,Lower)</p> <p>DG-5100 : Available as an option</p>	<p style="text-align: center;">Peak hold</p> <p>DG-4340: 3-ch comparator Enables to select mode for each channel. (Lower, Upper, or OK/NG)</p> <p>DG-4340 DIN72 LCD</p> 	<p style="text-align: center;">Peak hold Offset Multiplier setup</p> <p>DG-5100 DIN96x48 fluorescent tube</p> <p style="text-align: center;">Comparator output*</p> 	<p style="text-align: center;">Peak hold Offset</p> <p>DG-2310 DIN144x72 LED</p> 
<p>Comparator not provided</p>	<p style="text-align: center;">Peak hold</p> <p>DG-4320 DIN72 LCD</p> 		
Feature	Compact and basic	High resolution	2ch Multi function

For GS-3800 series*

*Can be connected to GS/BS series sensor
by using AA-8910 conversion cable.
(The resolution depends on the sensor resolution.)
